

# DAPHNE'S

## DOGGY CODE OF CONDUCT

1. The designated doggy area will be the conservatory – no humans unaccompanied by dogs will be allowed past this point
2. 007 dogs must sit under the tables so that they can spy on their humans' legs at all times
3. Dogs bigger than a Springer Spaniel will have to stay at home – “dis restaurant just ain't big enough for de both of us”
4. The same rules apply for dogs and humans – no eating off the table. Humans must use a knife and fork
5. If a dog gets too excited for words, they'll probably be asked to go and get excited outside the restaurant!
6. Dogs on their best behaviour may be entitled to some rather delicious doggy biscotti
7. Dogs with real diamonds in their collars must be addressed as HRH
8. Dogs are not allowed to poop in humans' homes. The same goes for Daphne's. If they want to “go”, they must be accompanied outside and their humans are, as usual, responsible for the consequential pooper scooping...
9. All dogs must be charming to Gabriele, the general manager, who was the person who let humans in with them in the first place
10. Dogs must take their guard-dogging duties (growling, snarling and barking) very seriously indeed at night times in their homes, so will only be allowed time-off at lunchtimes from midday to 5pm
